

EMPLOYMENT OPPORTUNITY

Town of Hay River

Director of Public Works & Services

The Town of Hay River, nestled in the heart of Canada's Northwest Territories, is more than just a place; it's a captivating way of life. Living and working in Hay River offers a unique blend of natural beauty, community spirit and professional opportunities that are truly irresistible. With its picturesque surroundings of pristine lakes and rugged wilderness, Hay River is a haven for outdoor enthusiasts, providing endless adventures like fishing, hiking, and northern lights gazing. But it's not just the scenery that makes Hay River special; the warmth and inclusivity of the community make you feel at home from the moment you arrive. Professionally, the region offers a diverse range of opportunities, from working in the thriving resource and transportation sectors to contributing to the growth of local businesses. Hay River is where dreams take root, and where a remarkable quality of life flourishes. Join us and experience a life that is as fulfilling as it is unforgettable.

The Role

The Town of Hay River is seeking an experienced and strategic leader to oversee its Public Works and Services portfolio. Reporting to the Senior Administrative Office, the Director is responsible for municipal engineering, infrastructure operations, land use planning, and asset management. The role involves managing budgets, capital projects, departmental staff, and regulatory compliance to support sustainable development and high-quality service delivery.

Key Responsibilities

- Lead infrastructure operations, engineering projects, and long-term capital planning
- Oversee asset management, land development, zoning, and planning frameworks
- Ensure compliance with legislation and safety standards
- Manage budgets, staff development, and interdepartmental collaboration
- Foster relationships with government partners, contractors, and the community

Qualifications & Experience

- Post-secondary education in civil engineering, public administration, or a related field
- 5+ years of progressive leadership experience in municipal or infrastructure-focused roles
- Expertise in infrastructure systems, asset management, and capital planning
- Familiarity with municipal planning, water/wastewater systems, and contract management
- Strong project management, budgeting, and regulatory compliance skills

Key Competencies

Collaborative leadership | Strategic planning | Operational excellence | Clear communication | Stakeholder engagement | Problem solving | Municipal infrastructure knowledge | Political acuity

Compensation

A competitive salary and benefits package will be offered.
